Honoured Sir,

Ref: C.R.No 2614 a / 33 dated 8th April 1933.

Subject: Application for special Licence to prepare Methy--lated Spirit for Medicinal Purposes- Particulars furnished.

In reply to the above letter I have to state thatb the de--naturant that we propose to add to the Spirit is Wood Naphtha of the -refined quality as the crude one will not be used in medicinal Prepara--tions. And the proportion we propose to follow in the same is 2½ gallons of Wood-naphtha to every 47½ gallons of Spirit Thus the percentage of the denaturant in the Methylated spirit will be 5 per cent which is required -by the law.

Having furnished with the necessary information I hope to get the Licence for the same at an early date.

Meanwhile, I shall be very much obliged if you will kindly send me a copy of the Bombay Circular of the rates of duty they levy on the Pharmaceutical Preparations on which they have withdrawn the concessional rate of duty with the names of the same preparations.
